Good Eggs

Bobbie Cadwell, Hennery Guard Shack

Congratulations to first-time GEOTM winner Bobbie Cadwell. Bobbie works at the Hennery as the guard shack attendant. She was very surprised and excited to learn she won Good Egg!

A typical day for Bobbie includes greeting truck drivers and team members and always making sure bio-security standards are met every time without exception. Her favorite thing about work is meeting and greeting everyone who comes into the Hennery. Her nomination stated that "She is doing an excellent job working at the gate. She has been communicating very well with all the incoming trucks and the extra disinfecting we are doing. She has been a big help to us dealing with HPAI."

Outside of work, Bobbie likes to camp, fish, and hang out with her family. Her summer plans include hanging out with all her friends and family.

Thank you for all your hard work and commitment to keeping our birds and team members safe, Bobbie.

Sophie Snow, Chickery Supervisor

Congratulations to first-time GETOM winner Sophie Snow. Sophie works at the Chickery as the Production Supervisor. She said she was surprised and honored to have received this award.

A typical day for Sophie involves managing and spending time with her team, checking houses, looking over chickens, and planning ahead. Her favorite thing about work is seeing the team members and the chickens - they really do make her happy every day. Her advice for any new hire "is to take on something new and not to be afraid to be bad at it for a little while. If you stick with it, you will get to where you want to be."

Outside of work, Sophie enjoys spending time with her cats, painting, yoga, and playing x-box. Her summer plans include working hard at the Chickery and going to the beach as many times as possible.

Thank you for all your hard work, Sophie. We are proud to have you on our team!
